b) izraz "noćni radnik" odnosi se na svako zaposleno lice koje svoj posao obavlja noću, a čiji broj radnih sati prelazi određenu granicu. Ovu granicu odrediće nadležni organ poslije konsultacija sa najreprezentativnijim organizacijama poslodavaca i radnika ili preko kolektivnih ugovora.

Član 8.
Kompenzacije koje se daju noćnim radnicima u pogledu radnog vremena, plate ili sličnih pogodnosti treba da priznaju prirodu noćnog rada."

6. Jedna od najviših ustavnih vrijednosti je princip vladavine prava, koji se ostvaruje primjenom načela saglasnosti pravnih propisa (član 1. stav 2. i član 145. Ustava) i podrazumijeva da zakon mora biti saglasan s Ustavom i potvrđenim i objavljenim međunarodnim ugovorima, a drugi propis s Ustavom i zakonom. U pravnom poretku utemeljenom na vladavini prava zakoni moraju biti opšti i jednaki za sve, a zakonske posljedice trebaju biti izvjesne za one na koje će se zakon primjenjivati.

Iz citiranih odredaba Ustava proizilazi ovlašćenje zakonodavca da uredi način ostvarivanja ljudskih prava i sloboda, kada je to neophodno za njihovo ostvarivanje, pa i prava na zaradu i druga pitanja u vezi sa radom, ne zadirući u suštinu zajemčenog prava. Pored toga, zakonodavac je ovlašćen da samostalno odabere i uredi normativni okvir, odnosno zakonodavni model utvrđivanja i ostvarivanja prava na zaradu, naknade zarade i drugih primanja zaposlenih u javnom sektoru i da ova prava eventualno izmijeni, radi zaštite individualnih, društvenih i državnih interesa i cilja koji se želi postići zakonom, kao i da odredi krug lica na koje se zakon odnosi. Pri uređivanju tih odnosa, zakonodavac je dužan uvažiti granice koje pred njega postavlja Ustav, a posebno one koje proizilaze iz načela vladavine prava i one kojima se štite određena ustavna dobra i vrijednosti. U konkretnom slučaju, to su zabrana diskriminacije, neposredne ili posredne, po bilo kom osnovu, jednakosti pred zakonom, bez obzira na bilo kakvu posebnost ili lično svojstvo, iz odredaba člana 8. stav 1., člana 17. stav 2. Ustava, člana 14. Evropske konvencije za zaštitu ljudskih prava i osnovnih sloboda i člana 1. Protokola broj 12. uz Evropsku konvenciju.

6.1. Prilikom meritornog odlučivanja o navodima podnosioca inicijative u ovom predmetu Ustavni sud je imao u vidu i načelo jedinstva pravnog poretka, utvrđenog odredbom člana 145. Ustava, koje podrazumijeva međusobnu usklađenost svih pravnih propisa u Crnoj Gori, s obzirom na to da je pitanje zarada i utvrđivanja naknada troškova nastalih u vezi sa radom uređeno sa dva zakona.

6.1.1. Zakonom o radu[2], koji je *sistemski* u oblasti radnih odnosa, uređena su prava i obaveze zaposlenih iz radnog odnosa, odnosno po osnovu rada, način i postupak njihovog ostvarivanja u skladu s ovim zakonom, kolektivnim ugovorom i ugovorom o radu (član 1.). Zakon se primjenjuje i na zaposlene u državnim organima, organima državne uprave, jedinicama lokalne samouprave i javnim službama, ako posebnim zakonom nije drugačije određeno (član 2. stav 2.). Radni odnos je odnos između zaposlenog i poslodavca koji se zasniva ugovorom o radu, u skladu sa zakonom i kolektivnim ugovorom (član 4. Zakona). Prema odredbama člana 61. stav 1. i člana 64. stav 1. Zakona, puno radno vrijeme iznosi 40 časova u radnoj sedmici, ako ovim zakonom nije drugačije određeno i radno vrijeme zaposlenog može da traje i duže od ugovorenog radnog vremena (prekovremeni rad), u slučaju iznenadnog povećanja obima posla, kao i u slučaju više sile, i u drugim izuzetnim slučajevima. Odluku o rasporedu radnog vremena, početku i završetku rada, preraspodjeli radnog vremena, skraćenom radnom vremenu i uvođenju prekovremenog rada donosi poslodavac (član 67. stav 1. Zakona). Odredbama člana 94. Zakona propisano je: da zaposleni ima pravo na zaradu koja se utvrđuje u skladu sa zakonom, kolektivnim ugovorom i ugovorom o radu (stav 1.); da zarada koju je zaposleni ostvario za obavljeni rad i vrijeme provedeno na radu, naknada zarade i druga primanja utvrđena kolektivnim ugovorom i ugovorom o radu čini bruto zaradu u smislu ovog zakona (stav 2.) i da se bruto zarada zaposlenog za obavljeni rad i vrijeme provedeno na radu sastoji od: osnovne zarade, posebnog dijela zarade, uvećanja zarade i dijela zarade po osnovu radnog učinka ukoliko je ostvaren. Osnovna zarada je zarada koju zaposleni ostvari za puno radno vrijeme, odnosno vrijeme koje se izjednačava sa punim radnim vremenom i standardni radni učinak, u propisanim uslovima rada (član 95. stav 1. Zakona). Osnovna zarada zaposlenog uvećava se, u skladu sa kolektivnim ugovorom i ugovorom o radu, po osnovu: godina radnog staža (minuli rad); rada noću; rada na dan državnog ili vjerskog praznika; i prekovremenog rada, s tim što se kolektivnim ugovorom i ugovorom o radu mogu utvrditi uvećanja zarade i po drugim osnovima (član 98. Zakona). Odredbom člana 104. stav 1. Zakona propisano je da zaposleni ima pravo na druga primanja u vezi sa radom koja se utvrđuju kolektivnim ugovorom, odnosno ugovorom o radu.

6.1.2. Zakonom o zaradama zaposlenih u javnom sektoru[3] uređen je način utvrđivanja i ostvarivanja prava na zaradu, naknadu zarade i druga primanja zaposlenih u javnom sektoru, način obezbjeđivanja sredstava i druga pitanja od značaja za ostvarivanje ovih prava (član 1.). Zarada zaposlenog u javnom sektoru (zaposleni) utvrđuje se pojedinačnim aktom, u skladu sa ovim zakonom i kolektivnim ugovorom (član 4. Zakona). Prema odredbi člana 5. tačka 1. Zakona, utvrđivanje zarada zaposlenih zasniva se na principu ujednačenosti zarada u javnom sektoru za rad na istim ili sličnim poslovima i radnim mjestima koji zahtijevaju isti nivo, odnosno podnivo kvalifikacija. Odredbom člana 11. Zakona propisano je da se zarada zaposlenog sastoji od: osnovne zarade, posebnog dijela zarade, dodataka na osnovnu zaradu i varijabilnog dijela zarade. Osnovna zarada zaposlenog za puno radno vrijeme i standardni radni učinak utvrđuje se množenjem koeficijenta predviđenog za grupe i podgrupe u koje je raspoređeno njegovo zvanje sa obračunskom vrijednošću koeficijenta koju utvrđuje Vlada Crne Gore (član 12. stav 1. Zakona). Dodaci na osnovnu zaradu su: dodatak za rad noću, rad u dane državnog ili vjerskog praznika i rad duži od punog radnog vremena (prekovremeni rad); dodatak za obavljanje poslova na određenim radnim mjestima; specijalni dodatak;

dodatak po osnovu godina radnog staža (minuli rad) i dodatak za dežurstvo i pripravnost (član 15. Zakona). Odredbom člana 16. Zakona propisano je da se visina dodatka po času na osnovnu zaradu (dodatak za rad noću, dodatak za rad u dane državnog ili vjerskog praznika, dodatak za prekovremeni rad i dodatak za dežurstvo i pripravnost) utvrđuje u iznosima utvrđenim kolektivnim ugovorom. Osporenom odredbom člana 34. stav 5. Zakona propisano je da dnevnica za službeno putovanje u zemlji i inostranstvu i naknada za rad na terenu isključuje pravo na dodatak za rad noću, rad u dane državnog ili vjerskog praznika i rad duži od punog radnog vremena (prekovremeni rad), za isti period.

6.1.3. Iz navedenih odredba Zakona o radu kojim su uređeni osnovni principi iz oblasti radnih odnosa, a koji se primjenju i na zaposlene u državnim organima, proizilazi da je radno vrijeme vremenski period u kojem zaposleni obavlja poslove i zadatke radnog mjesta za koje je zasnovao radni odnos (…). Ovim zakonom propisano je da radno vrijeme zaposlenog može da traje i duže od ugovorenog radnog vremena (prekovremeni rad) u slučaju iznenadnog povećanja obima posla, kao i u slučaju više sile, i u drugim izuzetnim slučajevima, a uvodi se pisanom odlukom poslodavaca prije početka tog rada i da prekovremeni rad može da traje samo onoliko vremena koliko je neophodno da se otklone uzroci zbog kojih je uveden. Takođe, iz Zakona o radu proizilazi da se pravo na zaradu i naknadu zarade i druga primanja, utvrđuju kolektivnim ugovorom i ugovorom o radu, da se zarada zaposlenog uvećava, u skladu sa kolektivnim ugovorom i ugovorom o radu, između ostalog, po osnovu: rada na dan državnog ili vjerskog praznika, i da se uvećanje zarade, po osnovu rada noću, rada na dan državnog ili vjerskog praznika i prekovremenog rada razrađuje kolektivnim ugovorom, a utvrđuje ugovorom o radu.

6.1.4. Zakonom o zaradama zaposlenih u javnom sektoru propisana je struktura zarade, koja se sastoji od osnovne zarade, posebnog dijela zarade, dodataka na osnovnu zaradu i varijabilnog dijela zarade (član 11.). Prema odredbi člana 15. tačka 1. Zakona dodaci na osnovnu zaradu su: dodatak za rad noću, rad u dane državnog ili vjerskog praznika i rad duži od punog radnog vremena (prekovremeni rad). Odredbom člana 16. Zakona propisano je da se visina dodatka po času na osnovnu zaradu (dodatak za rad noću, dodatak za rad u dane državnog ili vjerskog praznika, dodatak za prekovremeni rad i dodatak za dežurstvo i pripravnost) utvrđuje u iznosima propisanim kolektivnim ugovorom. Odredbom člana 34. stav 2. Zakona propisano je da uslove, način ostvarivanja i visinu naknada i primanja iz stava 1. ovog člana utvrđuje Vlada, na predlog Ministarstva.

6.1.4.1. Uredbom o naknadi troškova zaposlenih u javnom sektoru[4] propisano je da se službenim putovanjem u zemlji, u smislu ove uredbe, smatra putovanje na koje se zaposleni upućuje da, po nalogu lica koje rukovodi organom, službom, odnosno pravnim licem u kojem zaposleni radi (rukovodilac) ili lica koje on ovlasti, izvrši određeni službeni posao, u mjesto koje je udaljeno više od 30 km od mjesta rada zaposlenog, ako to putovanje povlači troškove i da se službenim putovanjem u inostranstvo, u smislu ove uredbe, smatra službeno putovanje iz Crne Gore u stranu državu i obratno, iz jedne strane države u drugu stranu državu i iz jednog mjesta u drugo mjesto na teritoriji strane države u koje se zaposleni upućuje da, po nalogu rukovodioca ili lica koje on ovlasti, izvrši određeni službeni posao (član 5. stav 1. i član 10. stav 1.). Odredbom člana 7. stav 1. Uredbe propisano je da za vrijeme službenog putovanja u zemlji zaposlenom pripada dnevnica, naknada putnih troškova, naknada troškova za smještaj i naknada troškova prevoza. Odredbom člana 27. stav 1. Uredbe propisano je da za vrijeme rada van mjesta rada, u trajanju dužem od 15 dana neprekidno, zaposleni ima pravo na troškove rada na terenu (terenski dodatak) u iznosu od 10 eura po danu.

6.1.4.1.1. Zarada zaposlenog, saglasno odredbama člana 21. st. 1. i 2. Opšteg kolektivnog ugovora[5] uvećava se po času najmanje: 40% za rad noću (između 22 sata i 6 sati narednog dana); 150% za rad na dan državnog ili vjerskog praznika i 40% za rad duži od punog radnog vremena (prekovremeni rad), a u slučaju kada je zaposleni ispunio uslove za uvećanje zarade po više osnova iz stava 1. ovog člana, procenti povećanja se sabiraju. Odredbom člana 31. stav 1. tač. 1. i 2 i stav 2. tog ugovora propisano je, između ostalog, da poslodavac zaposlenom nadoknađuje povećane troškove koji su u funkciji izvršenja poslova ako to na drugi način nije obezbijeđeno, i to: dnevnicu za službeno putovanje u zemlji i inostranstvu i da će se Granskim kolektivnim ugovorom, odnosno kolektivnim ugovorom kod poslodavca, urediti pitanje naknade povećanih troškova rada i boravka na terenu (terenski dodatak).

6.1.4.2. Iz navedenih odredaba Zakona o radu i Zakona o zaradama zaposlenih u javnom sektoru, proizilazi da pojmovi "službeni put" i "rad na terenu" nijesu definisani, odnosno da nije određeno značenje tih pojmova, već je njihovo značenje određeno podzakonskim akatima (Uredbom o naknadi troškova zaposlenih u javnom sektoru i Opštim kolektivnim ugovorom). Naime, službenim putovanjem u zemlji, odnosno u inostranstvo, u smislu odredbe člana 5. stav 1. i člana 10. stav 1. Uredbe o naknadi troškova zaposlenih u javnom sektoru, smatra se putovanje na koje se zaposleni upućuje da, po nalogu lica koje rukovodi organom, službom, odnosno pravnim licem u kojem zaposleni radi (rukovodilac) ili lica koje on ovlasti, izvrši određeni službeni posao, u mjesto koje je udaljeno više od 30 km od mjesta rada zaposlenog, ako to putovanje povlači troškove, odnosno da se službenim putovanjem u inostranstvo smatra službeno putovanje iz Crne Gore u stranu državu i obratno, iz jedne strane države u drugu stranu državu i iz jednog mjesta u drugo mjesto na teritoriji strane države u koje se zaposleni upućuje, da po nalogu rukovodioca ili lica koje on ovlasti, izvrši određeni službeni posao. Opštim kolektivnim ugovorom propisano je da poslodavac zaposlenom nadoknađuje povećane troškove koji su u funkciji izvršenja poslova ako to na drugi način nije obezbijeđeno, i to dnevnicu za službeno putovanje u zemlji i inostranstvu i da će se Granskim kolektivnim ugovorom, odnosno kolektivnim ugovorom kod poslodavca, urediti pitanje naknade povećanih troškova rada i boravka na terenu (terenski dodatak).

6.1.4.3. Iz ustavnog ovlašćenja zakonodavca da uredi pravo zaposlenih na odgovarajuću zaradu (član 16. tačka 1. i član 64. stav 1. Ustava) istovremeno proizilazi i njegovo ovlašćenje da mijenja zakonska rješenja, pa i da pojedina pitanja uredi na način koji je u odnosu na prethodno uređenje strožiji ili nepovoljniji za adresate zakona. Redefinisanje nekog normativnog sistema, pa i prava na odgovarajuću zaradu, naknadu zarade, odnosno dodatka na osnovnu zaradu, u konkretnom slučaju, po ocjeni Ustavnog suda, mora biti takvo da svim zaposlenima u javnom sektoru, omogući ostvarivanje tih prava, pod jednakim uslovima. Nasuprot tome, zakonodavac je, po ocjeni Ustavnog suda, osporenom odredbom člana 34. stav 5. Zakona, bez razumnog i objektivnog opravdanja, zaposlenima koji su upućeni na službeno putovanje ili na terenski rad, koji su dobili dnevnicu za službeno putovanje, odnosno terenski dodatak, isključio ostvarivanje prava na dodatak za rad noću, rad u dane državnog ili vjerskog praznika i rad duži od punog radnog vremena (prekovremeni rad), za isti period, ukoliko su radili noću, u dane državnog ili vjerskog praznika i duže od punog radnog vremena (prekovremeni rad), na službenom putu i terenu na koje su upućeni po nalogu poslodavaca, povrijedio ustavne principe o pravu zaposlenih na odgovarajuću zaradu i o saglasnosti pravnih propisa, iz odredaba člana 64. stav 1. i člana 145. Ustava.

6.2. Osporenom odredbom člana. 34. stav 5. Zakona, po nalaženju Ustavnog suda, povrijeđeni su i ustavni principi o ograničenju ljudskih prava i sloboda i zaštiti prava svojine, iz odredaba člana 24., člana 58. st. 1. i 2. Ustava i člana 1. Protokola broj 1. uz Evropsku konvenciju za zaštitu ljudskih prava i osnovnih sloboda.

6.2.1. Ustavom se jemči pravo svojine (član 58. stav 1.), a to pravo (imovina) uživa i zaštitu člana 1. Protokola broj 1. uz Evropsku konvenciju. Suštinu prava svojine predstavlja mogućnost vlasnika (pravna i faktička) da vrši ovlašćenja koja čine sadržinu ovog prava (pravo držanja, pravo korišćenja i pravo raspolaganja). Ustavno jemstvo prava svojine, takođe, podrazumijeva obavezu države da pravo svojine štiti, odnosno da ga ne povređuje, vršeći zakonodavnu, izvršnu ili sudsku vlast, kao i da pravu svojine obezbijedi pravnu zaštitu za slučaj njegove povrede. Zakonodavac ne može da ukine pravo svojine, kao takvo, ali se zakonom ovo pravo može ograničiti, s obzirom na to da su ograničenja ovog prava, saglasno odredbama člana 24. i člana 58. stav 2. Ustava dopuštena ukoliko to zahtijeva javni interes i ako su propisana zakonom.

6.2.2. Član 1. Protokola broj 1. uz Evropsku konvenciju garantuje pravo na imovinu *(possessions)*, na način da svako fizičko ili pravno lice ima pravo na neometano uživanje svoje imovine i da niko ne može biti lišen svoje imovine, osim u javnom interesu i pod uslovima predviđenim zakonom i opštim načelima međunarodnog prava (stav 1). Imovina, u smislu člana 1. Protokola broj 1., ima autonomno značenje koje nije ograničeno na vlasništvo materijalnih dobara *(ownership of physical goods):* određena druga prava i interesi koji konstituišu aktivu *(assets)* takođe se mogu smatrati »vlasničkim pravima« *(property rights),* a time i imovinom *(possessions),* u smislu te odredbe Konvencije. Od značaja je da kada je riječ o imovinskom pravu, da ono ima novčanu vrijednost, iako se u koncipiranju pojma vlasništva Evropski sud veoma često poziva na okolnosti konkretnog slučaja. Prema Evropskoj konvenciji pravo na imovinu, takođe, nije neograničeno pravo, već podliježe ograničenjima koja su propisana odredbom člana 1. stav 2. Protokola broj 1. Miješanje u pravo na imovinu ne smije ići dalje od potrebnog da bi se postigao legitiman cilj, a lice na koje se primjenjuje ograničenje ne smije biti podvrgnuto proizvoljnom tretmanu i tražiti da snosi prevelik teret u ostvarivanju legitimnog cilja.

6.3. Ustavni sud je, radi rješavanja ovog ustavnog spora, u obzir uzeo i relevantnu praksu Evropskog suda za ljudska prava, koji je u brojnim slučajevima izrazio stav o autonomnom značenju prava na imovinu i garancijama tog prava koje su države ugovornice dužne obezbijediti saglasno odredbama člana 1. Protokola broj 12. uz Evropsku konvenciju:

6.3.1. U predmetu *Marija Božić protiv Hrvatske*[6] Evropski sud je, takođe, izrazio stav da ukidanje ili umanjenje iznosa novčane naknade ili penzije, bilo da je to pravo uslovljeno prethodnim plaćanjem doprinosa ili nije, može predstavljati miješanje u svojinska prava lica koja ispunjavaju zakonom propisane uslove i mora biti opravdano opštim interesom:

> „46. Sud ponavlja da član 1. Protokola br. 1 ne stvara pravo na sticanje vlasništva. On ne ograničava slobodu država ugovornica na odlučivanje hoće li imati neki oblik socijalne sigurnosti ili penzijskog osiguranja, ili na izbor vrste ili iznosa novčanih naknada ili penzija u okviru takvog sistema. Međutim, ako država ugovornica ima na snazi zakonodavstvo koje predviđa pravo na isplatu neke naknade iz sistema socijalne zaštite ili penzije, bilo da je to pravo uslovljeno prethodnim plaćanjem doprinosa ili nije, mora se smatrati da takvo zakonodavstvo za lica koja ispunjavaju njegove uslove stvara vlasnički interes koji spada u opseg člana 1. Protokola br. 1. Stoga, ako se iznos novčane naknade ili penzije umanji ili ukine, to može predstavljati miješanje u vlasništvo koje mora biti opravdano opštim interesom (vidi predmet *Stec i drugi protiv Ujedinjenog Kraljevstva* (odl.) [VV], br. 65731/01 i 65900/01, stav 54., ESLJP 2005-X; predmet *Kjartan Ásmundsson protiv Islanda,* br. 60669/00, stav 39., ESLJP 2004-IX; te predmet *Valkov i drugi protiv Bugarske,* br. 2033/04, 19125/04,19475/04, 19490/04, 19495/04, 19497/04, 24729/04, 171/05 i 2041/05, stav 84., 25. oktobar 2011.).
> 47. Sud nadalje ponavlja da je nužan uslov kako bi se miješanje smatralo u skladu sa članom 1. Protokola br. 1 to da ono bude zakonito. Vladavina prava, jedno od temeljnih načela demokratskog društva, nerazdvojno je svojstveno svim odredbama Konvencije (vidi predmet *Iatridis protiv Grčke* [VV], br. 31107/96, stav 58., ESLJP 1999-II).
> 48. Svako miješanje u mirno uživanje vlasništva od strane javnih tijela može se opravdati samo ako služi legitimnom javnom interesu. Zbog njihovog neposrednog poznavanja svog društva i njegovih potreba, nacionalna tijela su načelno u boljem položaju od međunarodnih sudija da odluče što je »u javnom interesu«. U okviru sistema zaštite uspostavljenom Konvencijom, na nacionalnim tijelima je da izvrše početnu procjenu postojanja problema od javnog interesa koji opravdava mjere kojima se upliće u mirno uživanje vlasništva (vidi predmete *Terazzi S.r.l. protiv Italije*, br. 27265/95, stav 85., 17. oktobra 2002., i *Elia S.r.l. protiv Italije*, br. 37710/97, stav 77., ESLJP 2001-IX). Sud smatra prirodnim da granice uvažavanja koje su na raspolaganju zakonodavstvu prilikom sprovođenja društvenih i ekonomskih politika trebaju biti široke, te da će poštovati procjenu zakonodavca o tome što je »u javnom interesu«, osim ako je ta procjena očigledno bez razumne osnove (vidi, *mutatis mutandis*, predmet *Bivši kralj Grčke i drugi protiv Grčke* [VV], br. 25701/94, stav 87., ESLJP 2000-XII).
> 49. Član 1. Protokola br. 1, takođe zahtijeva da svako miješanje bude razumno razmjerno cilju koji se namjerava postići (vidi predmet *Jahn i drugi protiv Njemačke* [VV], br. 46720/99, 72203/01 i 72552/01, st. 81.-94., ESLJP 2005-VI). Potrebna pravedna ravnoteža neće biti postignuta kada dotična osoba trpi prekomjeran individualan teret (vidi predmet *Sporrong i Lönnroth protiv Švedske*, 23. septembar 1982., st. 69.-74., Serija A br. 52).”

6.3.2. Iz navedenih stavova Evropskog suda proizilazi da pored uobičajenog pojma vlasništva Sud pod tim pojmom podrazumijeva i sva stečena prava nekog lica uključujući takva privatno pravna dobra u koje spadaju i očekivana prava iz radnog odnosa. Miješanje države u pravo na mirno uživanje imovine, prema praksi Evropskog suda, dozvoljeno je samo ako su ispunjena kumulativno tri uslova: 1) mora biti propisano zakonom (tj. legalno); 2) mora biti u javnom ili opštem interesu (tj. legitimno) i 3) da je neophodno u demokratskom društvu, odnosno da je »razumno« i »srazmjerno« cilju koji se njime želi postići. Drugim riječima, miješanje države u pravo na mirno uživanje imovine smatraće se suprotnim načelima Konvencije ako nema objektivnog i razumnog opravdanja, ako ne teži legitimnom cilju ili ne postoji razumna srazmjernost između primijenjene mjere i cilja koji se njome nastoji postići. Ovo konkretno znači da se mora voditi računa o tome da li zakonska mjera kojom se ograničava imovinsko pravo predstavlja "poseban i pretjeran teret", odnosno da li pravedna ravnoteža između zahtjeva opšteg interesa i prava pojedinca može biti postignuta "manje restriktivnim mjerama" kojima se ograničava imovinsko pravo.

6.4. Načelo ograničenja ljudskih prava i sloboda jedno je od osnovnih načela koje je utvrđeno odredbama člana 24. Ustava. Ljudska prava i slobode zajemčene Ustavom mogu se ograničiti samo zakonom u obimu koji dopušta Ustav i mjeri koja je neophodna da se ustavna svrha ograničenja zadovolji u demokratskom društvu, bez zadiranja u suštinu zajemčenih prava. Ustav je na taj način ustanovio jasne "granice" ograničenja ljudskih prava i sloboda u kojima se zakonodavac može kretati. Svi državni organi, prema odredbama člana 24. Ustava, pa i zakonodavac, prilikom ograničenja ljudskih prava i sloboda moraju da vode računa o: 1) suštini prava koje se ograničava, 2) važnosti svrhe ograničenja, 3) prirodi i obimu ograničenja, 4) o odnosu

[6] Presuda od 21. aprila 2014. godine, zahtjev br. 50636/09.

ograničenja sa svrhom ograničenja i 5) da li postoji način da se svrha ograničenja postigne manjim ograničenjem prava. Ustavotvorac ovlašćuje zakonodavca da detaljnije reguliše ograničenja, ali ne i da sam propiše osnov za ograničenje, već je takvo ograničenje moguće samo ako to Ustav dopušta i u svrhe koje Ustav dopušta. Time je Ustavom jasno definisan princip proporcionalnosti (srazmjernosti), kao i mjerila kojima se, prije svega, Ustavni sud mora rukovoditi pri tumačenju ograničenja ljudskih prava u konkretnom predmetu.

6.4.1. Ustavni sud je, u konkretnom slučaju, ocijenio da je nesporno da je, saglasno osporenoj odredbi člana 34. stav 5. Zakona, zaposlenom *ex lege* uskraćeno pravo na isplatu dodatka na zaradu za rad noću, rad u dane državnog ili vjerskog praznika i rad duži od punog radnog vremena (prekovremeni rad), u slučaju kada je zaposleni na službenom putovanju u zemlji i inostranstvu, odnosno radi na terenu i da ta potraživanja predstavljaju imovinu koja uživa zaštitu člana 58. Ustava i člana 1. Protokola broj 1. uz Evropsku konvenciju.

6.4.1.1. Naime, Ustavni sud je ocijenio da miješanje u pravo na imovinu osporenom odredbom člana 34. stav 5. Zakona, s formalno-pravnog aspekta, zadovoljava standard "zakonitosti" (preciznost zakona, dostupnost i izvjesnost zakonskog akta). Međutim, miješanje u pravo na imovinu, prema ocjeni Ustavnog suda, ne može se nametnuti samo zakonskom odredbom koja ispunjava uslove vladavine prava, nego, takođe, mora imati razuman odnos proporcionalnosti između upotrijebljenih sredstava i cilja koji se želi ostvariti. U tom smislu Ustavni sud je, uvidom u Predlog Izmjena i dopuna Zakona[7], utvrdio da predlagač (Vlada) nije utvrdio javni interes, odnosno da za takvo miješanje u imovinska prava nije postojao legitimni cilj, već je u odnosu na osporenu odredbu člana 34. stav 5. Zakona samo konstatovano *"da isplaćena dnevnica za službeno putovanje u zemlji i inostranstvu i naknada za rad na terenu isključuje pravo na dodatak za rad noću, rad u dane državnog ili vjerskog praznika i rad duži od punog radnog vremena (prekovremeni rad), za isti period radi jasne i precizne primjene zakonskih odredaba koje se odnose na prava zaposlenog, da po jednom osnovu može ostvariti pravo na isplatu samo po osnovu jednog pravnog instituta*".

6.4.1.2. Ustav dopušta državi da donese ili primijeni zakone koje smatra potrebnima da bi uredila korišćenje imovine u skladu s opštim interesom. U tom smislu, mjera uskraćivanja isplate zaposlenima u javnom sektoru *dodatka za rad noću, rad u dane državnog ili vjerskog praznika i rad duži od punog radnog vremena (prekovremeni rad), za vrijeme službenog putovanja, odnosno rada na terenu*, po ocjeni Ustavnog suda, ne predstavlja pravno valjano ("zakonito"), miješanje države u njihova imovinska prava. Ovlašćenje za uređivanje uslova i načina ostvarivanja ustavom zajemčenih prava, pa i prava iz radnog odnosa na zaradu i naknadu zarade, odnosno dodatka na osnovnu zaradu, po ocjeni Ustavnog suda, ne daje ovlašćenje zakonodavcu da ta prava ukine, niti da ih derogira, odnosno da uvede takva ograničenja zaposlenima, koji su na službenom putu ili na terenskom radu, kojima ukida suštinu zajemčenog prava, ili da ga pretvori u svoju suprotnost.

.4.1.3. S obzirom na to da osporena odredba člana 34. stav 5. Zakona ne ispunjava ni jedan od utvrđenih uslova za dozvoljeno miješanje države u pravo na mirno uživanje imovine, Ustavni sud je utvrdio da propisano ograničenje prava na imovinu zaposlenih, tj. prava na isplatu dodatka na zaradu za rad noću, rad u dane državnog ili vjerskog praznika i rad duži od punog radnog vremena (prekovremeni rad), ukoliko dobije dnevnicu za službeno putovanje u zemlji i inostranstvu ili terenski dodatak, sa stanovišta njegove opravdanosti (legitimnosti) i proporcionalnosti, kao uslova koji, pored uslova legalnosti, moraju biti kumulativno ispunjeni da bi se „miješanje države u pravo na mirno uživanje imovine" smatralo dozvoljenim, nije u saglasnosti s Ustavom i praksom Evropskog suda. Ustavni sud je, stoga, utvrdio, da se zakonodavac, propisujući osporenom odredbom člana 34. stav 5. Zakona da *dnevnica za službeno putovanje u zemlji i inostranstvu i naknada za rad na terenu isključuje pravo na dodatak za rad noću, rad u dane državnog ili vjerskog praznika i rad duži od punog radnog vremena (prekovremeni rad), za isti period*, neproporcionalno umiješao u imovinsko pravo - na isplatu naknada iz rada, odnosno da je adresatima Zakona nametnut pretjeran teret, kojim su *de facto* lišeni imovinskih prava po osnovu rada. Ovo tim prije što dnevnica za službeno putovanje služi za naknadu putnih troškova, naknadu troškova za smještaj i naknadu troškova prevoza, a terenski dodatak za povećane troškove rada i boravka na terenu. Dakle, dnevnica za službeno putovanje u zemlji i inostranstvu i naknada za rad na terenu, po ocjeni Ustavnog suda, ne predstavljaju kompenzaciju za plaćanje prekovremenog rada, rada noću ili rada u dane državnih i vjerskih praznika, već predstavlja posebnu naknadu troškova koje zaposleni ima na službenom putu ili radu na terenu. Imajući u vidu da osporena odredba člana 34. stav 5. Zakona ima značenje očiglednog ograničenja Ustavom zajemčenog prava na imovinu, a polazeći od Ustavom i Evropskom konvencijom predviđene zaštite tog prava i stavova Evropskog suda u pogledu uslova pod kojima je „miješanje države" u pravo na mirno uživanje imovine dozvoljeno, Ustavni sud je utvrdio da osporena odredba člana 34. stav 5. Zakona, nije u saglasnosti s odredbama člana 24., člana 58. stav 2. Ustava i člana 1. Protokola broj 1. uz Evropsku konvenciju.

6.5. Ustavni sud je utvrdio da su osporenom odredbom člana 34. stav 5. Zakona narušeni i ustavni principi o opštoj zabrani diskriminacije, po bilo kom osnovu i jednakosti pred zakonom, bez obzira na bilo kakvu posebnost ili lično svojstvo, iz odredaba člana 8. stav 1., člana 17. stav 2. Ustava i odredbe člana 14. Evropske konvencije za zaštitu ljudskih prava i osnovnih sloboda i člana 1. Protokola broj 12. uz Evropsku konvenciju.

6.5.1. Odredbom člana 8. stav 1. Ustava zabranjena je svaka neposredna ili posredna diskriminacija, po bilo kom osnovu. Zabrana diskriminacije, prema Ustavu, ima opšte značenje i nije ograničena samo na uživanje ustavnih prava i sloboda, iako diskriminatorske osnove nijesu *expressis verbis* navedene u Ustavu. Određenje diskriminacije, kao i diskriminatorske osnove u crnogorskom pravu sadržane su u Zakonu o zabrani diskriminacije[8] i obuhvataju sve diskriminatorske osnove navedene u članu 14. Evropske konvencije i članu 1. Protokola broj 12. uz Evropsku konvenciju, kao i druge posebne oblike diskriminacije. U tom smislu, odredbama člana 2. st. 2. i 3. Zakona o zabrani diskriminacije propisano je da je diskriminacija svako pravno ili faktičko pravljenje razlike ili nejednako postupanje, odnosno propuštanje postupanja prema jednom licu, odnosno grupi lica u odnosu na druga lica, kao i isključivanje, ograničavanje ili davanje prvenstva nekom licu u odnosu na druga lica, koje se zasniva na rasi, boji kože, nacionalnoj pripadnosti, društvenom ili etničkom porijeklu, (…), kao i drugim ličnim svojstvima i da neposredna diskriminacija postoji ako se aktom, radnjom ili nečinjenjem lice ili grupa lica, u istoj ili sličnoj situaciji, dovode ili su dovedeni, odnosno mogu biti dovedeni u nejednak položaj u odnosu na drugo lice ili grupu lica po nekom od prethodno navedenih osnova. Iz načela jednakosti, garantovanog odredbom člana 17. stav 2. Ustava, za donosioca propisa, takođe, proizlazi obaveza zabrane proizvoljnog postupanja, odnosno obaveza strogog vezanja načelom srazmjernosti u slučaju različitog tretiranja lica ili grupe lica, po ličnim svojstvima, koja se nalaze u istoj ili sličnoj pravnoj ili činjeničnoj situaciji.

6.5.2. Načelo zabrane diskriminacije *(principle of non-discrimination)* i načelo jednakosti *(principle of equality)* sadržana su i u svim osnovnim međunarodnim i regionalnim instrumentima o ljudskim pravima.[9] Evropska konvencija, u odredbama člana 14., sadrži akcesornu zabranu diskriminacije (koja se odnosi samo na prava zaštićena Evropskom konvencijom), po bilo kom osnovu, kao što su pol, rasa, boja kože, jezik, vjeroispovijest, političko ili

drugo mišljenje, nacionalno ili socijalno porijeklo, veza s nekom nacionalnom manjinom, imovno stanje, rođenje ili drugi status. Za razliku od člana 14. Evropske konvencije, koji zabranjuje diskriminaciju u uživanju prava i sloboda priznatih u samoj Konvenciji, član 1. Protokola broj 12. uz Evropsku konvenciju je »samostalna« odredba *(»free standing« provision),* koja zabranjuje da javna vlast diskriminiše bilo koga *»u uživanju svih prava određenih zakonom«* po bilo kojoj diskriminatorskoj osnovi. Evropski sud za ljudska prava je u svojim presudama, u skladu sa formulacijom *»drugi status«,* ustanovio i druge diskriminatorske osnove, koji nijesu konačni. U kategoriju *»drugi status«,* u suštini, spada sve ono drugo što nije već navedeno u članu 14. Konvencije. Član 14. Konvencije i član 1. Protokola broj 12. uz Konvenciju komplementarni su mehanizmi konvencijske zaštite u području zabrane diskriminacije koji se međusobno upotpunjuju.

6.5.3. Evropski sud za ljudska prava je u svojim presudama[10] izrazio stav o značenju načela zabrane diskriminacije, iz kojih proizilazi da Evropski sud diskriminaciju označava kao različit tretman istih ili sličnih slučajeva, kada za to nema razumnog i objektivnog opravdanja, odnosno ako ne postoji legitiman cilj kome se teži, ili ne postoji srazmjera (proporcionalnost) između cilja i načina na koji se ovaj legitimni cilj želi postići. Prema praksi Evropskog suda, analiza načela (ne) diskriminacije upućuje na potrebu istraživanja tri uslova da bi se utvrdilo da li je ovo načelo povrijeđeno. Prvi uslov za postojanje diskriminacije jeste postojanje sličnih, odnosno uporedivih činjeničnih situacija i jednakog ili različitog postupanja. Drugi uslov jeste da se razlika u pravnom postupanju vrši na osnovu određene statusne pripadnosti pojedinca, odnosno da pojedinac treba da bude žrtva manje povoljnog tretmana zbog svoje statusne pripadnosti. Treći uslov je ispitivanje da li je različito pravno postupanje u sličnim činjeničnim okolnostima, odnosno jednako postupanje u značajno različitim okolnostima, razumno i opravdano.

6.5.4. Polazeći od ustavnih i konvencijskih principa i prakse Evropskog suda, Ustavni sud je utvrdio da je osporenom odredbom člana 34. stav 5. Zakona uspostavljena razlika između zaposlenih koji ostvaruju pravo na dodatak za rad noću, rad u dane državnih ili vjerskih praznika i rad duži od punog radnog vremena, u odnosu na zaposlene kojima je to pravo isključeno kada su na službenom putu ili radu na terenu, odnosno kada su ostvarili pravo na dnevnicu ili terenski dodatak. Ustavni sud je, stoga, utvrdio da ne postoji ni jedan dopušteni ustavnopravni ili zakonski - legitimni cilj koji bi opravdao osporenu diskriminaciju zaposlenih kojima je isključeno pravo na dodatak za rad noću, rad u dane državnog ili vjerskog praznika i rad duži od punog radnog vremena (prekovremeni rad), za period kada su na službenom putu ili rade na terenu i da osporena odredba člana 34. stav 5. Zakona nije u saglasnosti s odredbama člana 8. stav 1., člana 17. stav 2. Ustava i člana 1. Protokola broj 12. uz Evropsku konvenciju i da su se stekli uslovi za njeno ukidanje.

7. Na osnovu iznijetih razloga, odlučeno je kao u izreci.

II1. Odluka o prestanku važenja osporene odredbe člana 34. stav 5. Zakona o zaradama zaposlenih u javnom sektoru i o objavljivanju ove odluke zasnovana je na odredbama člana 151. stav 2., člana 152. stav 1. Ustava Crne Gore i člana 51. stav 1. Zakona o Ustavnom sudu Crne Gore.

Ograničenje ljudskih prava i sloboda
Član 24.

Zajemčena ljudska prava i slobode mogu se ograničiti samo zakonom, u obimu koji dopušta Ustav u mjeri koja je neophodna da bi se u otvorenom i slobodnom demokratskom društvu zadovoljila svrha zbog koje je ograničenje dozvoljeno.
Ograničenja se ne smiju uvoditi u druge svrhe osim onih radi kojih su propisana.

149. stav 1. tačka 1.

Ustavni sud odlučuje:
1) o saglasnosti zakona sa Ustavom i potvrđenim i objavljenim međunarodnim ugovorima."

Protokola broj 1. uz Evropsku konvenciju za zaštitu ljudskih prava i osnovnih sloboda („Službeni list Srbije i Crne Gore - Međunarodni ugovori", br. 9/03. i 5/05):

„Član 1.

Svako fizičko ili pravno lice ima pravo na neometano uživanje svoje imovine. Niko ne može biti lišen svoje imovine, osim u javnom interesu i pod uslovima predviđenim zakonom i opštim načelima međunarodnog prava.

Prethodne odredbe, međutim, ni na koji način ne utiču na pravo države kada primjenjuje takve zakone koje smatra potrebnim da bi nadzirala korišćenje imovine u skladu sa opštim interesima ili da bi osigurala naplatu poreza ili drugih dažbina ili kazni."

6. Iz citiranih odredaba Ustava proizilazi da je Crna Gora građanska, demokratska, ekološka i država socijalne pravde, zasnovana na vladavini prava; da je vlast ograničena Ustavom i zakonom; da ustavnost i zakonitost štiti Ustavni sud i da zakon mora biti saglasan s Ustavom i potvrđenim međunarodnim ugovorima, a drugi propis mora biti saglasan s Ustavom i zakonom. Iz navedenih odredaba Ustava, takođe, proizilazi da se zakonom, u skladu s Ustavom, uređuju druga pitanja od interesa za Crnu Goru, pa i pitanja vezana za obavljanje turističke i ugostiteljske djelatnosti. Ovlašćenje za uređivanje tih pitanja, saglasno odredbi člana 16. tačka 5. Ustava, podrazumijeva donošenje zakona kojim se na generalan i apstraktan način određuju prava i obaveze u pogledu pravnih pitanja, koja se, u smislu Ustava, smatraju pitanjima od interesa za Crnu Goru. Ono je usmjereno na donošenje objektivnih pravnih normi zakonske snage koje, po pravilu, *pro futuro*, od stupanja na snagu zakona, određuju sadržaj prava i njegove granice. Pri uređivanju tih pitanja, zakonodavac je dužan uvažiti granice koje pred njega postavlja Ustav, a posebno one koje proizilaze iz načela vladavine prava i one kojima se štite određena ustavna dobra i vrijednosti. U konkretnom slučaju to je princip o pravu svojine (imovine), iz odredaba člana 58. stav 1. Ustava i člana 1. Protokola broj 1. uz Evropsku konvenciju.

6.1. Saglasno navedenim ustavnim ovlašćenjima Skupština Crne Gore je donijela Zakon o turizmu i ugostiteljstvu, kojim je uredila uslove za obavljanje turističke i ugostiteljske djelatnosti i druga pitanja od značaja za turizam i ugostiteljstvo (član 1.). Zakonom je propisano: *„da je ugostiteljska djelatnost pružanje usluga smještaja, pripremanja i usluživanja hrane, pića i napitaka u i/ili van ugostiteljskog objekta* (član 65. stav 1.) *i da ugostiteljsku djelatnost mogu obavljati privredna društva, druga pravna lica i preduzetnici (ugostitelji) koji su registrovani za obavljanje ugostiteljske djelatnosti i koji ispunjavaju uslove za obavljanje te djelatnosti utvrđene ovim zakonom* (član 66. stav 1.)". Odredbama člana 74. Zakona je propisano da se odobrenje za obavljanje ugostiteljske djelatnosti izdaje ugostitelju ako: *„je upisan u CRPS za obavljanje ugostiteljske djelatnosti; ima u svojini ili zakupu ugostiteljski objekat i koji ispunjava uslove iz člana 79. ovog zakona i ima zaposlenog poslovođu koji ispunjava uslove iz člana 83. ovog zakona"* (stav 1.) i da se odobrenje iz stava 1. ovog člana izdaje na osnovu podnijetog zahtjeva (stav 2.). Pored toga, odredbama člana 84. Zakona propisano je *da*: *„ugostiteljski objekti iz člana 72. stav 1. tač. 1., 2., 3. i 4. ovog zakona osim eco lodge, integralnog hotela, turističkog rizorta, stana za iznajmljivanje turistima, hostela, etno sela, katuna, odmarališta, planinarskog doma, bara, picerije, konobe, objekata brze hrane, poslastičarnice, pečenjare, pekare i catering objekta, podliježu kategorizaciji* (stav 1.); *da se kategorizacija ugostiteljskih objekata iz stava 1. ovog člana vrši dodjeljivanjem zvjezdica* (stav 4.) *i da se ugostiteljskom objektu može dodijeliti najviše pet zvjezdica* (stav 5.)".

6.1.1. Odredbama člana 95. Zakona propisano je: *„da kondo model poslovanja može da se obavlja u hotelu kategorije minimum pet zvjezdica u primorskom regionu i Glavnom gradu i kategorije minimum četiri zvjezdice u sjevernom i središnjem regionu osim Glavnog grada, i koji je u funkciji 12 mjeseci* (stav 1.); *da su smještajne jedinice u hotelu iz stava 1. ovog člana predmet pojedinačne prodaje i moraju biti u komercijalnoj funkciji najmanje deset*

mjeseci u toku godine (stav 2.); *da se pravo svojine može steći isključivo na neto površini smještajne jedinice sa pripadajućim parking prostorom* (stav 3.); *da se upis prava svojine smještajnih jedinica u katastru nepokretnosti vrši nakon dobijanja odobrenja za obavljanje ugostiteljske djelatnosti i dodijeljene kategorije hotela* (stav 7.) *i da jedinice iz stava 2. ovoga člana moraju biti u sastavu ugostiteljskog objekta koji predstavlja jedinstvenu cjelinu u pogledu poslovanja, upravljanja i održavanja i na tržištu se nudi kao jedinstveni turistički proizvod isključivo preko upravljača, odnosno hotelskog operatora koji upravlja hotelom* (stav 8.); *da se prodajom jedinica iz stava 2. ovog člana ne smije mijenjati namjena i djelatnost ugostiteljskog objekta - hotela kao poslovnog objekta* (stav 10.)". Mješoviti model poslovanja, saglasno odredbama člana 96. Zakona: *"može da se obavlja u hotelu kategorije minimum pet zvjezdica kapaciteta minimum 120 smještajnih jedinica u primorskom regionu i Glavnom gradu i kategorije minimum četiri zvjezdice kapaciteta minimum 60 smještajnih jedinica u središnjem i sjevernom regionu osim Glavnog grada, i koji je u funkciji 12 mjeseci* (stav 1.); *da smještajne jedinice u hotelu iz stava 1. ovog člana mogu biti predmet pojedinačne prodaje uz mogućnost opcionog izdavanja na dobrovoljnoj osnovi* (stav 2.); *da se upis prava svojine smještajnih jedinica u katastru nepokretnosti vrši nakon dobijanja odobrenja za obavljanje ugostiteljske djelatnosti i dodijeljene kategorije hotela* (stav 10.); *da jedinice iz stava 2. ovoga člana moraju biti u sastavu ugostiteljskog objekta koji predstavlja jedinstvenu cjelinu u pogledu poslovanja, upravljanja i održavanja* (stav 11.) *i da se prodajom jedinica iz stava 2. ovog člana ne smije mijenjati namjena i djelatnost ugostiteljskog objekta - hotela kao poslovnog objekta* (stav 13.)".

6.1.2. Prema odredbi člana 97. stav 1. Zakona, upravljanje i održavanje u hotelima koji posluju po kondo i mješovitom modelu poslovanja, uređuje se ugovorom o upravljanju i održavanju smještajnih jedinica koji se potpisuje istovremeno sa ugovorom o kupoprodaji smještajne jedinice. Osporenom odredbom člana 97. stav 2. tačka 1. alineja 8. Zakona propisano je da se ugovorom o upravljanju i održavanju smještajnih jedinica, u pogledu međusobnih prava i obaveza vlasnika smještajne jedinice i upravljača, pored ostalog, uređuju i *„zabrane zaključivanja kupoprodajnih ugovora i korišćenja smještajne jedinice u slučaju gubitka odobrenja za obavljanje djelatnosti ili kategorije".*

7. Ustavni sud je utvrdio da je zakonodavac osporenom odredbom člana 97. stav 2. tačka 1. alineja 8. Zakona prekoračio svoja ovlašćenja i povrijedio ustavni i konvencijski princip o pravu svojine (imovine), iz odredaba člana 58. stav 1. Ustava i člana 1. Protokola broj 1. uz Evropsku konvenciju.

7.1. Naime, Ustavom se jemči pravo svojine (član 58. stav 1.), a to pravo (imovina) uživa i zaštitu člana 1. Protokola broj 1. uz Evropsku konvenciju. Suštinu prava svojine predstavlja mogućnost vlasnika (pravna i faktička) da vrši ovlašćenja koja čine sadržinu ovog prava (pravo držanja, pravo korišćenja i pravo raspolaganja). Svojina je tipično apsolutno pravo, jer djeluje prema svima (*„erga omnes"*), a to znači da niko ne može da uznemirava vlasnika u vršenju njegovog prava. Imovina (član 1. Protokola broj 1. uz Evropsku konvenciju) je komplementaran i korelativan pojam sa svojinom i predstavlja skup svih prava i obaveza (stvarnih i obligacionih) koja pripadaju jednom licu (tj. vlasniku). Ustavno jemstvo prava svojine podrazumijeva obavezu države da pravo svojine štiti, odnosno da ga ne povrjeđuje u vršenju zakonodavne, izvršne ili sudske vlasti, kao i da mu obezbijedi pravnu zaštitu za slučaj povrede. Sljedstveno tome, zakonodavac ne može da ukine pravo svojine, kao takvo, ali se zakonom ovo pravo može ograničiti, s obzirom na to da su ograničenja tog prava, saglasno odredbama člana 24. i člana 58. stav 2. Ustava, dopuštena ukoliko to zahtijeva javni interes i ako su propisana zakonom.

7.1.1. Član 1. Protokola broj 1. uz Evropsku konvenciju garantuje pravo na imovinu *(possessions)*, na način da svako fizičko ili pravno lice ima pravo na neometano uživanje svoje imovine i da niko ne može biti lišen svoje imovine, osim u javnom interesu i pod uslovima predviđenim zakonom i opštim načelima međunarodnog prava (stav 1). Imovina, u smislu člana 1. Protokola broj 1., ima autonomno značenje koje nije ograničeno na vlasništvo materijalnih dobara *(ownership of physical goods):* određena druga prava i interesi koji konstituišu aktivu *(assets)* takođe se mogu smatrati „vlasničkim pravima" *(property rights)*, a time i imovinom *(possessions),* u smislu te odredbe Evropske konvencije. Kada je riječ o imovinskom pravu, od značaja je da ono ima novčanu vrijednost, iako se u koncipiranju pojma vlasništva Evropski sud veoma često poziva na okolnosti konkretnog slučaja. Državi je ovim odredbama Evropske konvencije ostavljeno široko polje slobodne procjene, na način da primjenjuje zakone koje smatra potrebnim da bi regulisala korišćenje imovine u skladu sa opštim interesima.

7.1.1.1. U tom smislu, u predmetu *Marija Božić protiv Hrvatske*[2]*,* Evropski sud je ponovio stav da miješanje u svojinska prava lica mora biti zakonito, opravdano javnim interesom i srazmjerno cilju koji se namjerava postići:

> „47. Sud, nadalje, ponavlja da je nužan uslov kako bi se miješanje smatralo u skladu sa članom 1. Protokola broj 1. to da ono bude zakonito. Vladavina prava, jedno od temeljnih načela demokratskog društva, nerazdvojno je svojstveno svim odredbama Konvencije (vidi predmet *Iatridis protiv Grčke* [VV], br. 31107/96, stav 58., ESLJP 1999-II).
>
> 48. Svako miješanje u mirno uživanje vlasništva od strane javnih tijela može se opravdati samo ako služi legitimnom javnom interesu. Zbog njihovog neposrednog poznavanja svog društva i njegovih potreba, nacionalna tijela su načelno u boljem položaju od međunarodnih sudija da odluče što je „u javnom interesu". U okviru sistema zaštite uspostavljenom Konvencijom, na nacionalnim tijelima je da izvrše početnu procjenu postojanja problema od javnog interesa koji opravdava mjere kojima se upliće u mirno uživanje vlasništva (vidi predmete *Terazzi S.r.l. protiv Italije*, br. 27265/95., stav 85., 17. oktobra 2002., i *Elia S.r.l. protiv Italije*, br. 37710/97., stav 77., ESLJP 2001-IX). Sud smatra prirodnim da granice uvažavanja koje su na raspolaganju zakonodavstvu prilikom sprovođenja društvenih i ekonomskih politika trebaju biti široke, te da će poštovati procjenu zakonodavca o tome šta je „u javnom interesu", osim ako je ta procjena očigledno bez razumne osnove (vidi, *mutatis mutandis*, predmet *Bivši kralj Grčke i drugi protiv Grčke* [VV], br. 25701/94., stav 87., ESLJP 2000-XII).
>
> 49. Član 1. Protokola broj 1. takođe zahtijeva da svako miješanje bude razumno i srazmjerno cilju koji se namjerava postići (vidi predmet *Jahn i drugi protiv Njemačke* [VV], br. 46720/99, 72203/01 i 72552/01, st. 81.-94., ESLJP 2005-VI). Potrebna pravedna ravnoteža neće biti postignuta kada dotično lice trpi prekomjeran individualan teret (vidi predmet *Sporrong i Lönnroth protiv Švedske*, 23. septembar 1982., st. 69.-74., Serija A br. 52)."

7.2. Iz navedenih stavova Evropskog suda proizilazi da u pogledu ograničenja prava na imovinu država uživa tzv. široko polje slobodne procjene, što joj daje dovoljno mogućnosti za uređivanje odnosa u oblasti turizma i ugostiteljstva, jer ostavlja određeno diskreciono pravo za ocjenu postojanja potrebe i neophodnosti ograničenja prava na imovinu. Miješanje države u pravo na mirno uživanje imovine, prema praksi Evropskog suda, dozvoljeno je samo ako su ispunjena kumulativno tri uslova: 1) mora biti propisano zakonom (tj. legalno); 2) mora biti u javnom ili opštem interesu (tj. legitimno) i 3) da je neophodno u demokratskom društvu, odnosno da je "razumno" i "srazmjerno" cilju koji se njime želi postići. Drugim riječima, miješanje države u pravo na mirno uživanje imovine smatraće se suprotnim načelima Konvencije ako nema objektivnog i razumnog opravdanja, ako ne teži legitimnom cilju ili ne postoji razumna srazmjernost između primijenjene mjere i cilja koji se njome nastoji postići. Ovo konkretno znači da se mora voditi računa o tome da li zakonska mjera kojom se ograničava imovinsko pravo predstavlja "poseban i pretjeran teret", odnosno da li pravedna ravnoteža između zahtjeva opšteg interesa i prava pojedinca može biti postignuta "manje restriktivnim mjerama" kojima se ograničava imovinsko pravo.

7.2.1. Osnovne slobode i prava čovjeka i građanina, prema odredbama Ustava i Evropske konvencije, načelno su neograničene: puni obim njihovog ostvarivanja je pravilo, a ograničenje koje je određeno zakonom može biti samo izuzetak, koji se zasniva i na izričitom ustavnom ovlašćenju i na legitimnom cilju ograničavanja koji je određen Ustavom. Iz toga slijedi da ograničenja - osim što se moraju zasnivati na ustavnom ovlašćenju i slijediti Ustavom određene ciljeve - treba da su srazmjerna potrebama za ostvarenje tih ciljeva. To znači da ograničavajuća pravna pravila moraju biti prikladna za

[2] Presuda, od 24. aprila 2014. godine, zahtjev broj 50636/09.

ostvarenje postavljenog legitimnog cilja, da ona ne smiju biti oštrija (strožija) nego što je neophodno i da mora biti uspostavljena ravnoteža između Ustavom zajamčenog subjektivnog prava pojedinca i interesa društvene zajednice (pravnog poretka). Svi državni organi, prema odredbama člana 24. Ustava, pa i zakonodavac, prilikom ograničavanja ljudskih prava i sloboda moraju da vode računa o: 1) suštini prava koje se ograničava, 2) važnosti svrhe ograničenja, 3) prirodi i obimu ograničenja, 4) o odnosu ograničenja sa svrhom ograničenja i 5) da li postoji način da se svrha ograničenja postigne manjim ograničenjem prava. Ustavotvorac ovlašćuje zakonodavca da detaljnije reguliše ograničenja, ali ne i da sam propiše osnov za ograničenje, već je takvo ograničenje moguće samo ako to Ustav dopušta i u svrhe koje Ustav dopušta. Time je Ustavom jasno definisan princip proporcionalnosti (srazmjernosti), kao i mjerila kojima se, prije svega, Ustavni sud mora rukovoditi pri tumačenju ograničenja ljudskih prava u konkretnom predmetu.

7.2.2. Nesporno je, po ocjeni Ustavnog suda, da propisivanje osporenom odredbom člana 97. stav 2. tačka 1. alineja 8. Zakona da vlasnik smještajne jedinice i upravljač (u hotelu koji posluje po kondo i mješovitom modelu poslovanja) ugovorom o upravljanju i održavanju uređuju: **„***zabrane zaključivanja kupoprodajnih ugovora i korišćenja smještajne jedinice u slučaju gubitka odobrenja za obavljanje djelatnosti ili kategorije",* predstavlja miješanje zakonodavca u pravo svojine (imovine) adresata zakona (vlasnika smještajnih jedinica), zajemčeno Ustavom i Evropskom konvencijom, i da je to miješanje utvrđeno *ex lege*. Nesporno je, takođe, da, saglasno odredbama člana 16. tačka 5. Ustava i člana 18. Evropske konvencije[3], država ima pretpostavljeni legitiman "javni interes", koji podrazumijeva njeno pravo da zakonom, u skladu s opštim (javnim) interesom, nadzire korišćenje imovine, pa i imovine u oblasti turizma i ugostiteljstva (turističko-ugostiteljski objekti). Ustavni sud je ocijenio da miješanje u pravo svojine (imovine) osporenom odredbom člana 97. stav 2. tačka 1. alineja 8. Zakona, s formalno-pravnog aspekta, zadovoljava standard „zakonitosti" (preciznost, zakona, dostupnost i izvjesnost zakonske odredbe). Međutim, iz sadržine odredaba Zakona o turizmu i ugostiteljstvu, kao i iz Predloga tog zakona[4], proizilazi da zakonodavac za osporeno ograničenje prava svojine (imovine) vlasnika smještajnih jedinica u navedenim vrstama hotela, propisano odredbom člana člana 97. stav 2. tačka 1. alineja 8. Zakona, nije utvrdio javni interes.

7.2.3. Iako je nepostojanje javnog interesa za miješanje zakonodavca u pravo svojine vlasnika smještajnih jedinica u hotelima koji posluju po kondo ili mješovitom modelu poslovanja dovoljan razlog za utvrđivanje neustavnosti osporene odredbe člana 97. stav 2. tačka 1. alineja 8. Zakona, Ustavni sud je ocijenio da je, u konkretnom slučaju, došlo i do neproporcionalnog miješanja države u pravo svojine (imovine), odnosno da je tim vlasnicima nametnut pretjeran teret, kojim su, *de facto,* lišeni svojinskih ovlašćenja (raspolaganja i korišćenja) na smještajnim jedinicama čiji su vlasnici. Naime, iz osporene odredbe člana 97. stav 2. tačka 1. alineja 8. Zakona, po ocjeni Ustavnog suda, proizilazi da je vlasniku smještajne jedinice u hotelu (koji posluje po kondo ili mješovitom modelu poslovanja) ograničeno pravo da otuđi ili koristi tu smještajnu jedinicu, ukoliko upravljač (ugostitelj) hotela izgubi odobrenje za obavljanje djelatnosti ili taj hotel izgubi dodijeljenu kategoriju, i to bez pravične naknade (član 58. stav 2. Ustava), na vrijeme koje nije unaprijed određeno. Ovlašćenje za uređivanje uslova i načina ostvarivanja Ustavom zajemčenih prava, pa i prava na mirno uživanje imovine (raspolaganja ili korišćenja smještajne jedinice), po ocjeni Ustavnog suda, ne daje ovlašćenje zakonodavcu da to pravo zakonom ukine, niti da ga derogira, odnosno da uvede takvo ograničenje kojim ukida suštinu zajemčenog prava ili da ga pretvori u svoju suprotnost.

Polazeći od navedenih razloga, Ustavni sud je ocijenio da osporeno ograničenje prava na imovinu, iz odredbe člana 97. stav 2. tačka 1. alineja 8. Zakona, nema legitiman (zakonski) "javni interes", ni objektivno i razumno opravdanje. Ustavni sud je, stoga, utvrdio da je osporena odredba člana 97. stav 2. tačka 1. alineja 8. Zakona nesaglasna s odredbama člana 58. st. 1. i 2. Ustava i člana 1. Protokola broj 1. uz Evropsku konvenciju i da su se stekli uslovi za njeno ukidanje.

8. Na osnovu iznijetih razloga, odlučeno je kao u izreci.

II1. Odluka o prestanku važenja osporene odredbe člana 97. stav 2. tačka 1. alineja 8. Zakona o turizmu i ugostiteljstvu i o objavljivanju ove odluke, zasnovana je na odredbama člana 151. stav 2., člana 152. stav 1. Ustava Crne Gore i člana 51. stav 1. Zakona o Ustavnom sudu Crne Gore.

Zakona o zaštiti potrošača („Službeni list Crne Gore”, br. 2/14., 43/15., 70/17. i 67/19.):

„DIO DRUGI
ZAŠTITA EKONOMSKIH INTERESA POTROŠAČA

GLAVA II
USLUGE OD JAVNOG INTERESA

Prava potrošača na usluge od javnog interesa

Član 35. stav 2. tačka 1.

(2) Potrošač ima pravo na:

1) pristup i korišćenje usluge od javnog interesa pod jednakim uslovima, ako je to tehnički moguće i bez diskriminacije.”

6. Načelo zakonitosti (član 145. Ustava) predstavlja jedno od osnovnih ustavnih načela i direktno je povezano sa načelom vladavine prava, koje utvrđuje da je država zasnovana na vladavini prava (član 1. stav 2.) i da je vlast ograničena Ustavom i zakonom (član 11. stav 3.). Posljedica ovakvih ustavnih određenja je da su organi vlasti vezani Ustavom i zakonom, kako u pogledu normativnih, tako i drugih ovlašćenja i podrazumijeva da se podzakonski propisi donose na osnovu normativno utvrđenog ovlašćenja donosioca akta. Prema Ustavu, generalno ovlašćenje za donošenje propisa (za izvršavanje zakona) ima Vlada, a organi uprave, lokalna samouprava ili drugo pravno lice, kada su na to, po određenim pitanjima, ovlašćeni zakonom. Drugim riječima, zakon mora biti osnov za donošenje podzakonskog akta i taj akt može obuhvatiti samo ono što proizilazi iz zakonske norme, a njom nije izričito uređeno.

6.1. Prilikom meritornog odlučivanja o navodima podnosioca inicijative u ovom predmetu, Ustavni sud je imao u vidu i ustavno načelo jedinstva pravnog poretka, utvrđenog odredbama člana 145. Ustava, s obzirom na to da je pitanje vodosnabdijevanja na teritoriji jedinice lokalne samouprave, kao komunalne djelatnosti od javnog interesa, uređeno sa više zakona.

6.1.1. Zakonom o lokalnoj samoupravi, koji je sistemski u ovoj oblasti, propisano je da je skupština, kao predstavnički organ građana opštine, ovlašćena da donosi odluke i druge akte kojima se uređuju određena prava i obaveze građana od njihovog neposrednog interesa, da uređuje i obezbjeđuje obavljanje i razvoj komunalnih djelatnosti, održavanje komunalnih objekata i komunalnog reda a, između ostalog, i da propiše uslove za upravljanje vodama, vodnim zemljištem i vodnim objektima od lokalnog značaja, kao i korišćenje i zaštitu voda i vodosnabdijevanja (član 4. stav 1., član 27. tač. 1. i 9., član 35. stav 1. i član 44. st. 1 i 3.).

6.1.1.1. Zakonom o komunalnim djelatnostima, koji je *lex specialis* u oblasti komunalnih djelatnosti, određene su komunalne djelatnosti, uređeni uslovi i način njihovog obavljanja i druga pitanja od značaja za komunalne djelatnosti (član 1.). Odredbama člana 3. stav 1. tač 1. i 2. i st. 5., 6. i 8. Zakona, javno vodosnabdijevanje, upravljanje komunalnim otpadnim vodama i druge komunalne djelatnosti od lokalnog značaja određene su kao regulisane komunalne djelatnosti od javnog interesa. Odredbama člana 13. Zakona propisano je: da je komunalni proizvod voda za piće koja ispunjava uslove o ispravnosti utvrđene zakonom (tačka 6.); da je komunalna usluga isporuka vode za piće, (...) i druga usluga koju odredi jedinica lokalne samouprave (tačka 7.); da je korisnik komunalne usluge fizičko i pravno lice, koje ima prebivalište ili boravi na području jedinice lokalne samouprave, odnosno vlasnik nepokretnosti (stambenog, poslovnog i/ili proizvodnog prostora), koje koristi komunalne usluge (tačka 8.) i da je vršilac komunalne djelatnosti privredno društvo ili preduzetnik koji pruža komunalne usluge (tačka 16.). Obavljanje komunalnih djelatnosti na svojoj teritoriji obezbjeđuje i bliže uređuje jedinica lokalne samouprave, a u slučajevima predviđenim ovim zakonom i Vlada Crne Gore, u skladu sa zakonom (član 14. stav 1. Zakona). Jedinica lokalne samouprave propisuje način i uslove organizovanja i obavljanja komunalnih djelatnosti iz člana 3. stav 1. tač. 1., 2., 3., 4., 7., 8., 10., 11., 12. i 14. Zakona i uslove za pružanje komunalnih usluga, odnosno isporuku komunalnog proizvoda, u skladu sa propisom i tehničkim uslovima iz čl. 43. i 44. Zakona, a naročito, prava i obaveze vršioca komunalne djelatnosti i korisnika (član 15. stav 1. alineja 4. Zakona). Odredbama člana 54. st. 1. i 6. Zakona propisano je da *cijenu komunalne usluge utvrđuje vršilac komunalne djelatnosti*, po prethodno pribavljenoj saglasnosti skupštine jedinice lokalne samouprave i da su cijene komunalnih usluga, odnosno komunalnog proizvoda po jedinici mjere iste za sve korisnike.

6.1.1.2. Zakonom o vodama uređen je pravni status i način integralnog upravljanja vodama, vodnim i priobalnim zemljištem i vodnim objektima, uslovi i način obavljanja vodne djelatnosti i druga pitanja od značaja za upravljanje vodama i vodnim dobrom (član 1. stav 1.). Vodna djelatnost je djelatnost od opšteg interesa za Crnu Goru i podrazumijeva: upravljanje vodama, obezbjeđenje i korišćenje voda, uz dugoročnu zaštitu kvaliteta voda i vodo-izvorišta, zaštitu voda od zagađivanja, uređenje voda i vodotoka i zaštitu od štetnog dejstva voda (član 4. Zakona). Odredbama člana 5. tač. 21., 24. i 46. Zakona propisano je da je izvorište prostor (izvor, dio rijeke ili jezera, akumulacija ili njen dio i akvifer ili njegov dio) na kome se zahvata ili predviđa zahvatanje vode za korišćenje, da je javni vodovod sistem koji predstavlja skup uzajamno povezanih tehničko-sanitarnih objekata i opreme, izgrađen radi obezbjeđenja sanitarno-higijenski ispravne vode za stanovnike i privredu urbanih naselja i da je otpadna voda, voda koja je promijenila svoje fizičke, hemijske ili biološke osobine kao rezultat ljudske aktivnosti. Odredbom člana 48. Zakona propisano je: da vodosnabdijevanje može biti javno i individualno (stav 1.); da je jedinica lokalne samouprave dužna da organizuje i obezbijedi javno vodosnabdijevanje na svojoj teritoriji za sva naselja veća od 200 stanovnika ili čija je prosječna godišnja potreba za vodom veća od 100 m^3/dan (1.16 l/s) (stav 2.); da se za vodosnabdijevanje dvije ili više jedinica lokalnih samouprava, odnosno naselja na njihovom području, javno vodosnabdijevanje može obezbijediti organizovanjem regionalnog vodovoda (stav 3.); da se vodosnabdijevanje seoskih i drugih naselja ili njihovih djelova koji ne ispunjavaju kriterijume iz stava 2. ovog člana, kao i vodosnabdijevanje jednog ili više korisnika, vrši u skladu sa propisom jedinice lokalne samouprave (stav 4.) i da se propisom iz stava 4. ovog člana utvrđuju uslovi za pristupanje izgradnji, korišćenju, održavanju i upravljanju objektima i sistemima za vodosnabdijevanje (stav 5.).

6.1.1.3. Iz navedenih odredaba zakona proizilazi da jedinica lokalne samouprave, na svojoj teritoriji, obezbjeđuje i bliže uređuje obavljanje komunalnih djelatnosti, pa i djelatnosti javnog vodosnabdijevanja (član 27. tačka 1. Zakona o lokalnoj samoupravi i član 14. stav 1. Zakona o komunalnim djelatnostima). Saglasno odredbama člana 15. stav 1. i člana 54. stav 1. Zakona o komunalnim djelatnostima, jedinica lokalne samouprave propisuje način i uslove organizovanja i obavljanja javnog vodosnabdijevanja, uslove za pružanje komunalnih usluga i isporuku komunalnog proizvoda, dok cijenu komunalne usluge (isporuka vode za piće) utvrđuje vršilac komunalne djelatnosti, po prethodno pribavljenoj saglasnosti skupštine jedinice lokalne samouprave. Iz odredbaba člana 48. st. 4. i 5. Zakona o vodama proizilazi da se vodosnabdijevanje seoskih i drugih naselja ili njihovih djelova na teritoriji jedinice lokalne samouprave, koja nemaju više od 200 stanovnika ili čija prosječna godišnja potreba za vodom nije veća od 100 m^3/dan (1.16 l/s), kao i vodosnabdijevanje jednog ili više korisnika, vrši u skladu sa propisom jedinice lokalne samouprave i da se tim propisom utvrđuju uslovi za pristupanje izgradnji, korišćenju, održavanju i upravljanju objektima i sistemima za vodosnabdijevanje.

6.2. U prethodnom postupku ispitivanja procesnih pretpostavki za vođenje postupka i odlučivanje, Ustavni sud je utvrdio sljedeće činjenice:

- da je Skupština opštine Pljevlja, na sjednici od 15. novembra 2004. godine, s pozivom na pravni osnov koji je bio sadržan u odredaba čl. 6.,10.,12. i 13. Zakona o komunalnim djelatnostima[1], donijela Odluku o snabdijevanju vodom i odvođenju otpadnih voda[2];

- da je osporena Odluka tri puta mijenjana i to: na sjednici, od 28. novembra i 2. decembra 2008. godine Odlukom o izmjenama i dopunama Odluke o snabdijevanju vodom i odvođenju otpadnih voda[3]; na sjednici, od 16. februara 2009. godine Odlukom o izmjenama i dopunama Odluke o snabdijevanju vodom i odvođenju otpadnih voda[4] i na sjednici, od 16. i 17. maja 2016. godine Odlukom o izmjenama i dopunama Odluke o snabdijevanju vodom i odvođenju otpadnih voda[5];

[5] „Službeni list Crne Gore - Opštinski propisi", broj 25/16.

- da je Skupština Crne Gore, na sjednici od 30. jula 2016. godine, donijela Zakon o komunalnim djelatnostima[6], koji je stupio na snagu 25. avgusta 2016. godine, a primjenjuje se od 17. februara 2018. godine, od kojeg datuma je, saglasno odredbi član 82. stav 1. tog zakona, prestao da važi Zakon o komunalnim djelatnostima[7];

- da je Vlada Crne Gore donijela Uredbu o bližim elementima i Metodologiji za određivanje cijena komunalnih usluga[8], kojom su propisani bliži elementi i metodologija za određivanje cijena komunalnih usluga individualne komunalne potrošnje, osim za regulisane komunalne djelatnosti, koja je stupila na snagu 20. juna 2020. godine i

- da je Regulatorna agencija za energetiku donijela Metodologiju za utvrđivanje cijena za obavljanje regulisanih komunalnih djelatnosti[9], kojom su propisani bliži elementi, način utvrđivanja cijene za obavljanje regulisane komunalne djelatnosti, način davanja saglasnosti na predlog cijena usluge, rokovi za podnošenje i sadržina zahtjeva za davanje saglasnosti na predlog cijena usluge i druga pitanja od značaja za utvrđivanje predloga cijene usluge, koja je stupila na snagu 23. juna 2020. godine.

6.2.1. Kako je u konkretnom slučaju predmet ustavnosudske ocjene propis koji je donesen radi sprovođenja zakona, on mora biti u skladu sa zakonom, a samim tim i sa Ustavom. U postupku ocjene ustavnosti i zakonitosti tog propisa ispituje se da li je donesen od strane ovlašćenog organa, odnosno lica, da li je imao zakonsko ovlašćenje za njegovo donošenje (pravni osnov za donošenje) i odgovara li propis po svom sadržaju okvirima koje mu je odredio zakon.

6.2.2. Ustavni sud je osporenu Odluku cijenio u odnosu na Zakon o komunalnim djelatnostima, koji se primjenjuje od 25. februara 2018. godine i iz čije sadržine proizilazi da je zakonodavac na drugačiji način uredio pitanja obavljanja komunalnih djelatnosti, kao i postupak donošenja propisa kojima se uređuju pitanja pružanja komunalnih usluga i određivanja cijena. Iz navedenih odredaba Zakona proizilazi da: jedinica lokalne samouprave propisuje uslove organizovanja i obavljanja komunalnih djelatnosti, uslove za pružanje komunalnih usluga i utvrđuje prava i obaveze vršioca komunalnih djelatnosti i korisnika komunalnih usluga (član 14. stav 1. i član 15. stav 1.); da prethodnu saglasnost, na predlog vršioca usluga za određivanje cijena za obavljanje komunalnih usluga daje Regulatorna agencija za energetiku (član 49. stav 1. tačka 5.); da bliže elemente i metodologiju za određivanje cijene komunalnih usluga, osim za regulisane komunalne djelatnosti, utvrđuje Vlada (član 53. st. 1. i 4. Zakona) i da cijenu komunalnih usluga utvrđuje vršilac komunalne djelatnosti, po prethodno pribavljenoj saglasnosti skupštine jedinice lokalne samouprave (član 54. stav 1.).

6.2.3. U konkretnom slučaju, Ustavni sud je utvrdio da je osporena Odluka donijeta u vrijeme važenja prethodnog Zakona o komunalnim djelatnostima, koji je prestao da važi i da nije usaglašena s odredbama člana 53. stav 1. i člana 54. st. 4., 5. i 6. važećeg Zakona o komunalnim djelatnostima, kojima su uređena pitanja načina utvrđivanja cijena komunalnih usluga. Polazeći od toga da je, saglasno odredbi člana 78. stav 2. Zakona o komunalnim djelatnostima, rok za usklađivanje propisa kojim se uređuju pitanja upravljanja komunalnim otpadom sa tim zakonom istekao 25. februara 2018. godine, a da osporena Odluka nije usaglašena u roku određenom tim zakonom, Ustavni sud je utvrdio da sa formalnopravnog stanovišta nije u saglasnosti s Ustavom i zakonom i da su se stekli uslovi za njeno ukidanje.

7. Na osnovu iznijetih razloga, odlučeno je kao u izreci.

II1. Odluka o prestanku važenja osporene Odluke o snabdijevanju vodom i odvođenju otpadnih voda i o objavljivanju ove odluke zasnovana je na odredbama člana 151. stav 2., člana 152. stav 1. Ustava Crne Gore i člana 51. stav 1. Zakona o Ustavnom sudu Crne Gore.
